

# Graham Hugh Peel

5305 NW 27<sup>th</sup> Avenue - Gainesville, FL 32606  
[graham.peel@gmail.com](mailto:graham.peel@gmail.com) - 352-262-3570

Objective: To obtain a Front-End Engineer / Web Designer position with GotVMail.

## Relevant Work Experience *(Entire work history can be provided on request)*

### Web Design Specialist / Senior Programmer Analyst for Alachua County

*Jan. 2006 - Present; Gainesville, FL; 352-374-5219*

*Duties:* Worked as a Front-end Engineer for .NET shop. Involved in software projects (often as Project Lead) where I executed the Interface/Visual Design of the application, as well as XHTML/CSS creation. In addition, I would often set up the Markup Layer for the developers (using .NET server controls and templates). Wrote JavaScript/AJAX scripting for applications and managed client expectations for life of the project. Also performed light-moderate programming duties using C#.NET/MS SQL, with IIS for site management.

### Web Developer for CPAmerica International

*Oct. 2004 - Jan. 2006; Alachua, FL; (386) 418-4001*

*Duties:* Developed applications & websites for related external organizations, from the initial planning & visual design, through the final coding (using XHTML, CSS, JavaScript and ASP/VBScript). Tested the apps under multiple browsers and platforms. Performed Quality Assurance planning and testing on web applications and programs. Converted PDF print newsletters into HTML format. Handled client relationships to foster good communication.

### Web Designer - Self-Employed

*July 2002 - Present; Various locations*

*Duties:* Freelance web design work for a variety of clients over the years. Interface/Visual design mainly, including site development and maintenance. CSS/JavaScript/AJAX/C#.NET.

## Languages & Primary Focus

**Interface/Visual Design, Semantic HTML/XHTML Markup, CSS, JavaScript w/ AJAX, C#.NET**

### Skills & Techniques

Cross Browser Web Design, Web Accessibility, CSS Browser Bug Troubleshooting, Usability Experience Management, Front End Design for .NET Apps, Markup Creation from Other Designer's PSD/PNG art, Project Management & Client Relations, Object-oriented Programming & C#.NET.

### Secondary Abilities

Regular Expressions, VBScript, IIS, Flash, Illustrator, Flash, MS SQL, Blend (WPF), PHP

### Final Words

- Eager to work under an established Creative Director/Designer (*and for GotVMail*).
- Absolutely **love** converting PSD/PNG art into XHTML/CSS templates/pages. It's what I do best.
- Very familiar with the .NET framework and how .NET developers use their tools.
- Dreamweaver (*Code View*)/Fireworks/Firefox (*w/ Firebug*) are what I like to spend 99% of my time in.

## Education

**Bachelor of Science in Management** (*Cum Laude*) from the **Florida State University School of Business** - August 2000
